Personal protection

Eye protection: Wear goggles
Hand protection: Wear gloves

Body protection: Wear protective clothing

Respiratory protection: The use of a respiratory device is not necessary during normal use.
Use ABEK filters during other uses, in case vapours or aerosols are generated.

First Aid Measures

Inhalation: Move person to fresh air; keep comfortable for breathing. Immediately call doctor / poison center
Skin contact: Take off contaminated clothing and shoes immediately. Wash off with soap and plenty of water.
Take victim immediately to hospital. Consult a physician
Eye contact: Rinse thoroughly with plenty of water for at least 15 minutes and consult a physician.
Ingestion: Do NOT induce vomiting. Never give anything by mouth to an unconscious person.
Rinse mouth with water. Consult a physician.

Fire-fighting measures

Suitable extinguishing media: water spray, carbon dioxide, alcohol-resistant foam

Action in case of leakage

Wear respirator, gloves and goggles and protective cloths
Remove ignition sources, ventilate, beware of accumulating vapours, prevent leakage to environment
Contain and collect spillage with vacuum cleaner (electrically protected) or wet-brushing.
Dispose contained material in suitable, closed container according to local regulation.

Waste management

This is a hazardous substance, therefore collect the waste separately in containers:
Material may be burnt with off-gas cleaning
Packaging may be disposed of as "unused product"
